SPECIAL TO THE MINER.

New York, May 22.
The Herald's Washington special says there has been considerable excitement for the last few days, relative to Mexican affairs. The Mexican steamer, which was to have left yesterday morning, was detained by dispatches from the Mexican Minister to Diaz. Consul Overland acknowledges these dispatches came from New York, where the Mexican Minister is with Lerdo, but refuses to give their import. It is stated that efforts have been made to recruit men among the foreign population here for Mexico, in the name of President Lerdo. The men go to San Antonio, Texas. Col. Price, of the 8th U. S. Cavalry, is here on his way to join his regiment on the Rio Grande, his leave of absence having been curtailed.

Chester, Pa., May 22.
This morning the Saratoga, a large grain steamer which was to be launched at Ames' ship yard, started from its blocking pier than was expected, killing and wounding many. Six dead bodies have been recovered.

Water—About forty men were under the Saratoga when she went off. An order was given for them to come away, but was not heard. The names of the killed, as far as known, are Edward Fowley, John Nelson, Charles Wright and Edward Burke. The wounded are George Woolf and Barney Conlin, and Walter Parkinson seriously. It is thought some of workmen were killed and thrown into the water by the ship. The bodies of the dead are horribly mangled.

The continued concentration of troops in the direction of Sumuca is observed. Turks are fully prepared to resist any attack.

wounded in the head, not fatally; Mercer, driver, severe wounds in thigh and shoulder, may prove fatal; one robber completely riddled and cannot recover; the other unharmed but is in custody. Crete Bryant assisted bravely in the fight, but escaped unhurt.

S. C. MILLER.
Yuma, May 22.
Telegraphic advices from the Silver King Mine are very flattering. The character of the ore now being extracted is richer, if possible, than ever. Milling machinery and concentrator will be in running order in eight days, when Arizona's bullion export will be considerably increased. Col. Mason, of Silver Bell, passed yesterday en route to Florence to prepare for the reception of milling machinery for the Silver Bell Mine. Many offers to purchase out his right were made in San Francisco but refused, as this is considered a very rich and extensive body of ore. Reports from the Silver Queen are very encouraging. The ore is richer as the shaft deepens and the vein still widening. Territorial residents who know its value are eager for stock, but none seems to be on the market. It is reported that the rich free gold bearing quartz mines in the Carga Muchacho district, 9 miles from here in California, have been sold by Col. W. B. Boyle to a party of San Francisco capitalists, represented by Ben Holliday, Jr., who made an examination and left for San Francisco yesterday.

The regular trains arrived at the Colorado River Station this morning. Passengers and freight increasing. The next steamer for Ehrenberg leaves Yuma on Saturday, 28th, to be followed by another boat for Fort Mohave and upper river ports, stopping at Ehrenberg, leaves Yuma on Wednesday, 30th.

Yuma, A. T., May 24.
Among the visitors here this morning are Hon. John Gosper, Secretary of the Territory, who is enroute to the capital; Hon. S. C. Miller, Prescott; Col. Wands, of the New York Herald, and Capt. Codman, of the New York Evening Express.

A POLICY OF LIFE INSURANCE IS ALWAYS
an evidence of prudent forethought. No means have
ever been devised by which so effectual a provision may
be made for the wants of a defenceless family; or comfort
and competence so certainly secured for helpless age,
as by the Life or endowment policy.

No one is secure without Life Insurance—with it, if
proper care is exercised in the selection of a company,
the provision is as absolutely certain as it is possible for
human institutions to be.

PILES.
THE ONLY KNOWN SURE
Cure.

DR. CHANDLER'S PILON.

THOUSANDS OF CASES EFFECTUALLY CURED

BY THIS
WONDERFUL REMEDY.

Piles.—Hemorrhoids.—Pilon.

Many causes tend to produce this painful and distress-
ing state. The blood is retarded in its return; the too
frequent use of drastic purgatives tends to produce con-
gestion of the bowels. Torpid action of the liver, and
numerous other causes are the source of this complaint,
and hitherto nothing effectual has been presented to the pub-
lic, which would rapidly alleviate symptoms and ulti-
mately prove an effective cure. In PILON we have a
remedy which not only acts almost instantly, but will re-
move the largest tumors of the parts (Piles) by absorp-
tion, and many who have received not only benefit, but
have been radically cured, have been assured (prior to
using this treatment) by eminent surgeons that the only
relief they ever could expect in life, would be by an
operation, and removing it or them from the body by a
procedure which necessitated the knife. This remedy
has been hailed with delight, and is now prescribed by
many practicing physicians, who are cognizant of its
merits, as the only known sure cure for PILES.

Price, Fifty Cents per package, or six for \$2.50.
